Dear Frank -

My collections
amt to - \$ 587

I can easily give
you all the names.

Some of them I notified
that we might

not give the Lib

to Cornell, but

Sell it to better
advantage - The
remaining are
only 35 in number.
Though Father
may be right -
I we could with
the change without
giving any further
notice, still I.

think it would be
safer to print a
few lines thus -

" We find that
by selling to an old
Anti-Slavery Family

Library the set

of liberators, instead
of giving it to Cornell,
we can add \$140

to the sum collected
for Belli family -
We have reason
to suppose Cornell
will sometime be
supplied with a set
otherwise - we
shall presume we
have your assent
to this change unless
we hear from you to
the contrary, in which
case if you wish, your
contribution shall be returned
to you -

Print this &
mail to each. If
you'll print, I'll
pay for it (as well
as your former
printing) & also
see to the mailing
etc.

Sorry for
Father's illness -
Am suffering same

trouble again -

no relief -

Kind regards

to mother

all
